Corazón

Transitioning Peruvian youth  
from poverty to independence

## A Year of Persistence and Learning

THANK YOU for making this year an amazing year of learning and persistence. Because of you, we continue to make a meaningful impact in our community. More youth and community leaders have received training to reach their full potential. You have helped us persist in the work of empowering vulnerable youth and continue learning how to increase our quality of care. Our team completed a two year training in Mentor Family and Foster Care Solutions and are now certified to develop this program in Perú.

Your support is empowering tomorrow's leaders and sharing God's love with each of them. We are thankful for you, our donors, volunteers and community partners, who are a part of the success story of each youth. YOU have made possible the many accomplishments of 2022 and have set the stage for future growth and service.

Thanks to you, the Charles and Carol Miller Family Foundation, the Verrill Family Foundation and the Ayers Foundation we officially opened the boys transitional home. Your generosity allowed us to rent an apartment, fully furnish the apartment, and hire an additional staff member. Now, five boys have safe-housing and hope for the future. Each young man is studying a degree they are passionate about and learning the needed skills to eventually live on their own.

Peru Crew mission trips were hosted again in June and July, bringing encouragement, training, and extra hands to finish ongoing projects. The end of year matching fund campaign resulted in generous contributions that totaled over \$55,000 to continue helping youth. The 10th Annual Snowshoe for Perú raised \$15,500 and the 2nd Annual Power of the Purse event raised \$20,000 to continue providing safety, education and hope to vulnerable youth aging out of the orphan care system.
